

Collectors Words: CCM Cat[®] 6090 FS in Mining White

Posted on: Nov 29, 2023 · By: Gary Peterson

We received this nice email below from one of our great customers. After getting his approval we wanted to share it:

“CCM,

In your email, you asked if I would look over the “beastly model” (Cat[®] 6090 in white) and let you know my thoughts upon receipt.

Well, the model arrived here in Florida and I unboxed it over the weekend and had a good look at it. It is ABSOLUTELY OUTSTANDING!!!

The quality of the packaging and the level of detail on the model itself certainly make it a highly cherished collectable for the discerning collector. Congratulations to the team at CCM for a job well done! This one was more than a home run, it was a grand slam. No wonder why there are numerous rave reviews on social media about this model.

Thank you very much and I look forward to what next might be up your sleeve for another memorable Cat[®] model.

Best Wishes,

J G

Caterpillar[®] Retiree (my last assignment was in Cat[®] Global Mining Div.)"

Thank you very much JG for your review and kind words on our new Cat® 6090 FS in Mining White! It is always great to hear directly from our collectors and what you think.
