Happy Birthday

Limited Edition
 The Queen's 80th
 Birthday 2006

The Queen celebrates her 80th Birthday on the 21st April 2006 and we have released several different coloured models in conjunction with various newspapers throughout the country some of whom required their own colour variation. The model numbers, colours and editions are listed below. We have kept

back some of these for our members. As part of the offer you could also get the models in a presentation box with special certificate. If you want this variation there is a special place on the order form and they are priced at £5.95 for members and £9.95 for non members.

SPECIAL

LONDON

ALE

There has been commercial brewing at the Ram Brewery in the heart of Wandsworth since the reign of Queen Elizabeth I - the oldest site in Britain on which wholesale beer has been brewed continuously.

In 1581 beer brewer Humphrey Langridge was brewing at the sign of the Ram, a prominent Wandsworth inn since 1533. It is now the site of the Brewery Tap and present day fun room.

Humphrey Langridge not only provided beer for the Ram Inn's own customers, stabling for horses and beds for travellers, but casks of beer for other local pubs and private houses. The modern brewery takes its name and trademark from the sign of this ancient inn - a ram

traditionally denotes pugnacity and bravery. Water for brewing originally came from a well in the yard of the Ram, which still exists under the floor of the modern brewery. At the Ram Brewery original brewing techniques have been preserved to produce award winning beers by methods that have stood the test of time. The brewing equipment is a remarkable combination of ancient and modern - with Victorian vessels standing alongside the very latest in brewing technology. These are the first three of six vehicles we are releasing for Youngs and we have 500 of each available for club members.

MORE ANGLIA INFORMATION

Our new casting that will be appearing later this year is the Anglia and it will come in quite a lot of formats. Particularly nice will be the ice-cream variant that will appear in two formats which you can see in these resin shots. Both ice-cream variants will be supplied initially in special packaging - clear window on plinth - which will be new tooling for us as well. In addition these early releases will come with special limited edition certificates confirming that they are part of the initial release - subsequent production will not carry these and future models will differ slightly in appearance. As these first offs will be a special run we are taking orders for these today and they will be despatched in June under separate cover - we are anticipating a large demand for these and production may be restricted. Both models are 1:43rd scale and well detailed and they will be priced at £9.95 plus £1.95 p&p. Codes are ANG002/P and ANG003/P.

Limited Edition
BEA
 Model MV001 of 2,000

BEA was formed in 1946 and took over most UK domestic and European routes under the British government's nationalisation policy. It began operations with a fleet of outdated and hopelessly uneconomic passenger aircraft that were derivatives of wartime types such as the DC-3, Avro Viking and Rapide. By the end of 1955 the airline had re-equipped with more modern types such as the jet-prop Viscount and moved into a profit for the first time. From 1960 onwards the airline introduced larger jets such as the Comet, Trident and BAC 1-11. BEA merged with the British Overseas Airways Corporation in 1974 to form British Airways. Eagle eye members will note that this code number is the same as the Morris Minor special presentation model. Taff messes up again !!!!!!!

NEW RELEASE

A word from Michael

What a great Globe last month and this month there's a lot more new releases. I have just left a meeting with Neil Booth from Railwayana and we'll be releasing his British Rail Anglia shortly. Product will be available direct from his company, but he has assured us that he will give priority to all Oxford Diecast members who place orders. You can see details on his website www.railwayana.com and we'll give full details and how to get the model in the next Globe

Until next time

Take care
Michael

Another one of our Triple Sets that are proving so popular. This time with an Emergency theme. We have two Minis one bearing the London Fire Brigade logo and the other HM Coastguard. Also a Morris Minor carrying the Bomb Disposal colours. If you buy the set in the multi purchasing then this set counts as three models. You can also buy them as individuals with the coding shown below.

1987 BREAKING NEWS

NEW RELEASE

The two biggest airlines in the UK are to merge and create a carrier to compete with America's giant air corporations. One time rivals British Caledonian (BCal) and British Airways (BA) have agreed a deal worth £237m. BA chairman Lord King described the planned merger as "an unrepeatable opportunity to create a British airline to take on the world."
