\$690

Handsome—Foredoors—roomy—up-to-the-minute in desired details, strong, simple and backed with a record of five years' satisfaction—giving results in all parts of the world to more than 100,000 users. This beautiful motor car completely equipped for only \$690 f. o. b. Detroit.

FACTS from FORD

- ¶ There are no "glittering generalities" in FORD advertising.—It gives you the established Facts—we appeal to your judgment through Facts, not with claims—and you know it's more profitable to live with a Fact than to nurse a family of "claims."
- ¶ There's this about FORD advertising that makes it particularly distinctive and that is its positive harmony with Facts. It is just like FORD Model T—reliable, positive.
- ¶ We tell you FORD Model T is the highest priced quality car and immediately follow with the Facts.
- ¶ Entire mechanical construction of Vanadium Steel, scientifically heat-treated—the very best as well as the most expensive steel made.
- ¶ The only motor car with the Magneto built into the flywheel as a part of the motor; the only motor car in which there are neither dry cells nor batteries. This is also a FORD Magneto—built entirely in our own shops.
- ¶ The lightest weight 4-Cylinder motor car in the world, size, power and capacity considered—60 pounds to the horsepower.
- ¶ The cheapest 4-Cylinder motor car in maintenance, 20 to 25 miles on one gallon of gasoline and 5,000 to 8,000 miles on one set of tires.
- ¶ The simplest motor car in design, anybody of ordinary intelligence quickly understands its every mechanical detail.
- ¶ A durable car is best evidenced by there being in active operation today more than 100,000 Model T FORD cars; the most widely-known motor car, as it is seen in every part of the civilized world; it is the Universal Car.
- ¶ The FORD Model T has the lowest purchase price and running cost per mile per passenger of any motor car in the world.

FACTS from FORD

- ¶ The high quality and the low price of Model T FORDS are possible because of:
- ¶ 1st: The extreme simplicity and accurately scientific design—the creation of the marvelous inventive genius of Henry Ford.
- ¶ 2d: The scientifically heat-treated Vanadium Steel material. We emphasize this because it is vitally important that you should know the sort of materials used in the construction of the motor car you buy.
- ¶ 3d: The most efficient automobile factory in the world, where the workmen are employed during the entire year building only this ONE WONDERFUL CAR.
- ¶ 4th: The large production—75,000 FORD Model T cars in one year.
- ¶ 5th: The Ford Motor Company devotes all its energy to the production of only one car; it finances the entire business itself, and this is a mighty force in manufacture; no borrowed money, no interest-bearing bond issues, no mortgages, but everything bought and paid for with spot cash, and sold the same way.
- ¶ There is intense significance in the fact that every fifth car sold in America last year was a FORD Model T. This significance increases when you know that every third car made in America this year will be a FORD Model T.
- ¶ FORD Model T cars would not be made in such quantities if established merit had not produced the demand. If the Model T had not satisfied its thousands and thousands of users.
- ¶ FORD Model T car is in largest demand because of its all-round general utility; it meets the motor want of everybody, from the man of leisure to the busy worker, from the doctor and professional man to the banker and farmer.
- ¶ Remember all FORD cars are sold fully equipped—we specify the equipment article by article. When you buy a FORD Model T you buy a complete car.
- ¶ In addition to FORD Model T Touring Car we have for immediate delivery:

Ford Model T Torpedo, fully equipped, f. o. b. Detroit \$590
Ford Model T Commercial Roadster, fully equipped, f. o. b. Detroit \$590
Ford Model T Town Car, fully equipped, f. o. b. Detroit \$600
Ford Model T Delivery Car, fully equipped, f. o. b. Detroit \$700

¶ We have a series of valuable booklets covering important information for the owners of motor cars. These books will be mailed promptly on request. Branches and Large Distributors in all Principal Cities. No Ford Cars Sold Unequipped.
