ON THE COVER

Long shadows of twilight play over the passing landscape. The distant roar of 5000 horsepower coming at full gallop, and the strident call of air horns split the quiet country twilight, as the Pennsylvania Railroad's Blue Ribbon streamliner "The General" flashes by. Like the prototype, our newest *WalthersProto* Name Train brings five-star service to your 1960s era HO layout with its unique blend of head-end traffic, long-distance coaches and Pullman sleepers. Ideal for operation or display, the series includes 11 signature cars - four available in plastic for the first time - matching EP-22 (E8A) diesels, two all-new *Cornerstone* structure kits, plus three deluxe edition consists, matching add-on cars and more. Be sure to check out the limited run Merchandise Service freight train with the all-new X29b boxcars, and EFP-15 (FP7-F7B) dual service diesels. Preorders are due by August 31, 2021 - for more information turn to page 4.

GOOD THINGS IN BIG BOXES

Ever wonder what's in all of those containers you see on passing trains? These days it could be anything from new shoes to consumer electronics maybe even new model railroad products! While 20' and 40' containers remain the worldwide standard, bigger boxes including a new generation of 45' containers for international service, and 53' units for domestic shippers are also part of the colorful mix. As railroads adapt, new generations of well cars have been introduced, and up front, you'll find state-of-the-art diesels keeping these priority trains on schedule. With a full selection of SceneMaster™ containers, WaltherProto® cars including the latest run of Gunderson 40' Rebuilt Well Cars, and rugged, reliable WaltherMainline® diesels, you can bring all the color and action to your HO layout in a matter of minutes!

A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

NEW HO Alco PA - ESU Sound & DCC

WalthersMainline. The stars of your HO streamliner fleet! Introduced in 1946, these sleek and stylish speedsters wore a rainbow of color schemes, and handled passenger and some fast freight service into the 1960s. Capturing the sleek lines of the prototypes, models include ESU Sound and DCC for DCC or DC layouts, and feature the same powerful drive found on WalthersProto models, plus constant LED headlight.
