ON THE COVER

Honey-gold sunlight plays across the woods, highlighting the blazing display of fall colors. Distant clouds of dust mark the passage of combines working steadily back and forth through trackside fields. Old rails groan under the weight of passing trains, busily setting out and picking up hoppers from trackside elevators. A friendly wave from the rear brakeman ahead signals all is well. With its mix of beautiful scenery, busy operation and a wide range of equipment, it's no wonder so many layouts are set in the fall of the year! Bringing the season to life is easy, with great products like the SceneMaster™ Pumpkin Patch (949-1115), WalthersProto DM&IR Class G2 Wood Caboosees (920-103457 - 103470) announced on page 7 inside, WalthersMainline PS-2 Covered Hoppers (910-7000 series) and the new Machine Shed from the Cornerstone Chicken Coop and Sheds kit (#933-3346).

HARD WORK AHEAD!

The days might be shorter, but there's plenty of work to get done now that the harvest is underway. Local farmers are predicting a bumper crop, and judging by the number of extra trains rolling through, it looks like they're right! From their earliest days, railroads have connected rural areas with distant markets, and while the equipment has changed, the annual grain rush is as familiar - and busy - as ever! No matter your modeling era or area, creating rural scenes is fast and fun with the wide range of supplies available from Walthers, including the HO products shown here:

A Note on Availability

At Waltbers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check waltbers.com, email us at custserv@waltbers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Waltbers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
